

Happy Holidays 2016
from
Recovery Connections Community

Thanks to All of Our Wonderful Supporters!

We are proud to announce the construction of our wholesale animal building! In-house businesses allow for our residents to learn lifelong trade skills, expose them to new lines of work, in hopes of stirring unknown passions.

One of our great accomplishments this year includes the opening of our 4200 sqft. men's house. We

hope to raise \$120,000 to purchase this beautiful solid wood haven in the mountains. This property provides a quiet retreat for the men in our program, while they learn a new way to live.

We have graduated five residents from the early recovery portion of the program this year. This means that individuals can get their own job, move into transitional housing and prepare for returning to society. One shining example of this is Taylor Trudell who graduated the program in October. Taylor is committed to his recovery and continues to give back to the program that helped him get his life back on track.

We are so grateful to have all of you as part of our journey. Recovery Connections is a non-profit organization that runs solely off support from our families and partnerships in our communities. Therefore, we are asking for monetary contributions to help us give our residents a wonderful Christmas this year. Your gifts and others like them supply many of our daily needs, and will provide a safe, supportive community where those who suffer from the disease of addiction can recover and heal. Your gifts will most importantly give participants, such as Taylor Trudell, the opportunity to graduate the program and lead healthy productive lives.
